Topic: Practise your times tables for 1 hour each week.

The image features a colorful illustration of five cartoon characters (Squeebles) at the top: a blue butterfly-like creature with the number 6, a yellow character with the letter j, a green triangle with the number 3, and a red character with the number 3. A speech bubble in the center contains the text "Squeebles Times Tables Grid". Below the characters is a 12x12 multiplication grid. The grid has orange headers for numbers 1 to 12. The diagonal cells from top-left to bottom-right are highlighted in pink and contain the products of the numbers 1 through 12.
